

TSA Support Fund example application 2

Please take your time to give us as much information as possible about your situation and the difference the fund will make to you. Without this, we might not be able to properly review or accept your application. The more information you can provide, the easier it is for us to process your application.

Your name or the name of the person close to you with TSC (if this isn't you) *

Selena Wilson

What would you like to use the TSA Support Fund for? Please include as much information as possible. *

The TSA Support Fund grant will enable us to take a short family break in Norfolk. We have found a nearby caravan park which will comfortably sleep the three of us, for 4 nights, in March. Activities, entertainment and swimming for Selena are also included in the price (£365). We will be able to pay for travel and food while we are there, but are applying to cover the cost of the caravan, please.

How does TSC impact you or your loved one and how will the funded item(s) help with this? *

My daughter, Selena lives with TSC and was diagnosed when she was three years old. She is now six. Since starting school last year, she has been finding things difficult, and we are dealing with some behaviours that challenge.

Since her TSC diagnosis, her Dad and I have found things difficult to come to terms with emotionally. Selena loves the beach, and we would love to be able to go to the seaside for a break as a family, to spend time together away from frequent hospital appointments.

I am unable to work due to caring responsibilities and we cannot afford to go away. This would make such a difference to Selena's mental wellbeing and mean a lot to us as a family to make memories we would otherwise be unable to make.
