

Donation form

Return this form to 'Freepost TSA' with a cheque/postal order made payable to: 'Tuberous Sclerosis Association'

- I would like to make a one-off gift of £ _____
- Please send me details on making a regular gift to the TSA

You can also make a donation via:

- www.tuberous-sclerosis.org/donate
- Bank transfer (sort code 40-52-40, account number 00007047)

Title: _____ Forename: _____

Surname: _____

Address including house number and postcode*: _____

Telephone: _____

Email: _____

*Required for Gift Aid

giftaid it

I am happy for all gifts of money I have made to Tuberous Sclerosis Association in the past four years, and all future gifts of money

that I make, to be Gift Aid donations. I am a UK taxpayer and I understand that if I pay less Income Tax and/or Capital Gains Tax in the current tax year than the amount of Gift Aid claimed on all my donations across all charities, it is my responsibility to pay any difference. Tuberous Sclerosis Association claims 25p for every £1 you donate from the tax you pay for the current tax year.

I am happy to receive information from the TSA about fundraising events by:

- Email Post Phone

Data protection: We never sell data and promise to keep your details safe and if you change your mind at any time please let us know by calling the team on 0300 222 5737 or by emailing admin@tuberous-sclerosis.org. For further details on how your data is used and stored please see our privacy policy available on our website www.tuberous-sclerosis.org/privacy.

Thank you!

Support the work of the TSA by:

- Organising or participating in a **fundraising event**
- Giving a one-off or recurring **donation**
- Providing us with **expertise or equipment**
- Raise awareness of TSC** by talking about how it affects individuals and families

£10 Means that we can send a support pack to a family who has just received a life-changing TSC diagnosis, ensuring that they do not go through this time alone.

£25 Can help us develop materials that are included in our support services, flagship events and campaigns, increasing awareness and knowledge about TSC.

£50 Can provide laboratory equipment for a day of research into the causes, symptoms and management of TSC, driving us forward towards our aim of a cure for TSC.

Our understanding of diagnosing and managing TSC has improved significantly. However, we still have a long way to go

What is Tuberous Sclerosis Complex?

The TSA is a company limited by guarantee registered in England and Wales no. 2900107. Charity number: 1039549 (England & Wales), SC042780 (Scotland)

What is Tuberous Sclerosis Complex (TSC)?

Tuberous Sclerosis Complex (TSC) is a rare genetic condition that causes growths to develop in different areas around the body.

Problems caused by TSC, such as epilepsy and developmental delay, are as a result of these growths.

TSC impacts not only the individual living with the condition – families, friends and loved ones are also affected.

Eight out of 10 people living with TSC also have epilepsy and 1 - 2 million people worldwide live with TSC

How does TSC affect lives?

TSC affects everyone differently, but common problems as a result of TSC can include:

-  **Difficult to control seizures**
-  **Developmental delay**
-  **Autism**
-  **Behavioural difficulties**
-  **Sleep problems**
-  **Kidney problems**

A person is born with TSC. It is not possible to develop TSC, but a diagnosis might not happen until later in life

Who are the Tuberous Sclerosis Association (TSA)?

We are the only UK charity dedicated to supporting and representing people affected by TSC.

We are here for everyone in the TSC community, including individuals living with the condition, families and professionals.

Our mission: To provide help today and a cure tomorrow

Our vision: A world where TSC and its effects are conquered

The TSA helps by:

- Supporting the TSC community** through our dedicated support team, up-to-date information and UK-wide events
- Funding world-class research** into the causes, management and treatment of TSC
- Campaigning to influence NHS policy** and ensure that the voices of people affected by TSC are heard
- Expanding knowledge and awareness of TSC** across the public and health, social care and education professionals

The TSA's free and confidential support line is here for you. Talk to us for support or more information about TSC:

 0300 222 5737

 support@tuberous-sclerosis.org
