

Who are the Tuberous Sclerosis Association (TSA)?

We are the only UK charity dedicated to supporting and representing people affected by Tuberous Sclerosis Complex (TSC). We are here for everyone in the TSC community, including individuals living with the condition, families and professionals.

The TSA helps through:

- **Supporting the TSC community** through our dedicated support team, up-to-date information and UK-wide events
- **Funding world-class research** into the causes, management and treatment of TSC
- **Campaigning to influence NHS policy** and ensure that the voices of people affected by TSC are heard
- **Expanding knowledge and awareness of TSC** across the wider public and health, social care and education professionals

Our mission is to provide help for today and a cure for tomorrow

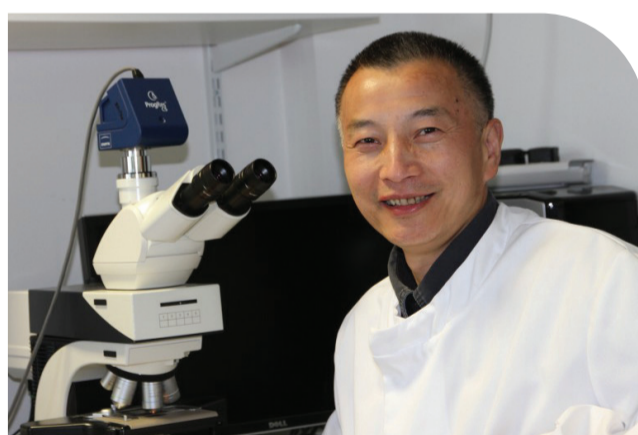

Our vision is a world where TSC and its effects are conquered

We are always looking and grateful for new donors and fundraisers

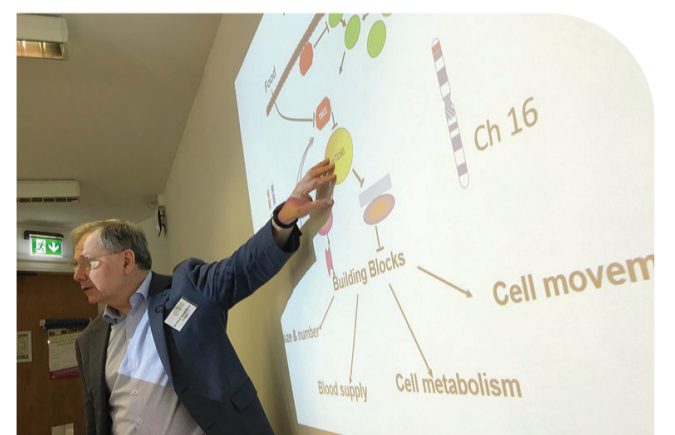

Visit tuberous-sclerosis.org or call **0300 222 5737** to find out how you can help

Support and information

Research

Education

You can support the TSA by:

- Organising or participating in a **fundraising event**
- Giving a one-off or recurring **donation**
- Providing us with **expertise or equipment**
- **Raising awareness of TSC** by talking about how it affects individuals and families
